TET Trade Delegation to BOSNIA & HERZEGOVINA

B2B Meeting

Sarajevo | 6th June, 2022

Participant Catalogue

White Goods 

Electronics 

Cables 

Electricity Production and
Distribution Equipments 

ELECTRICAL AND ELECTRONICS
EXPORTERS' ASSOCIATION

**ELECTRICAL AND ELECTRONICS
EXPORTERS' ASSOCIATION**

Technological Advantages

- Efficient and up to date equipment capacity
- Production flexibility
- Production capacity in international standards
- Strong industrial structure
- Product diversity
- Well trained and experienced work force

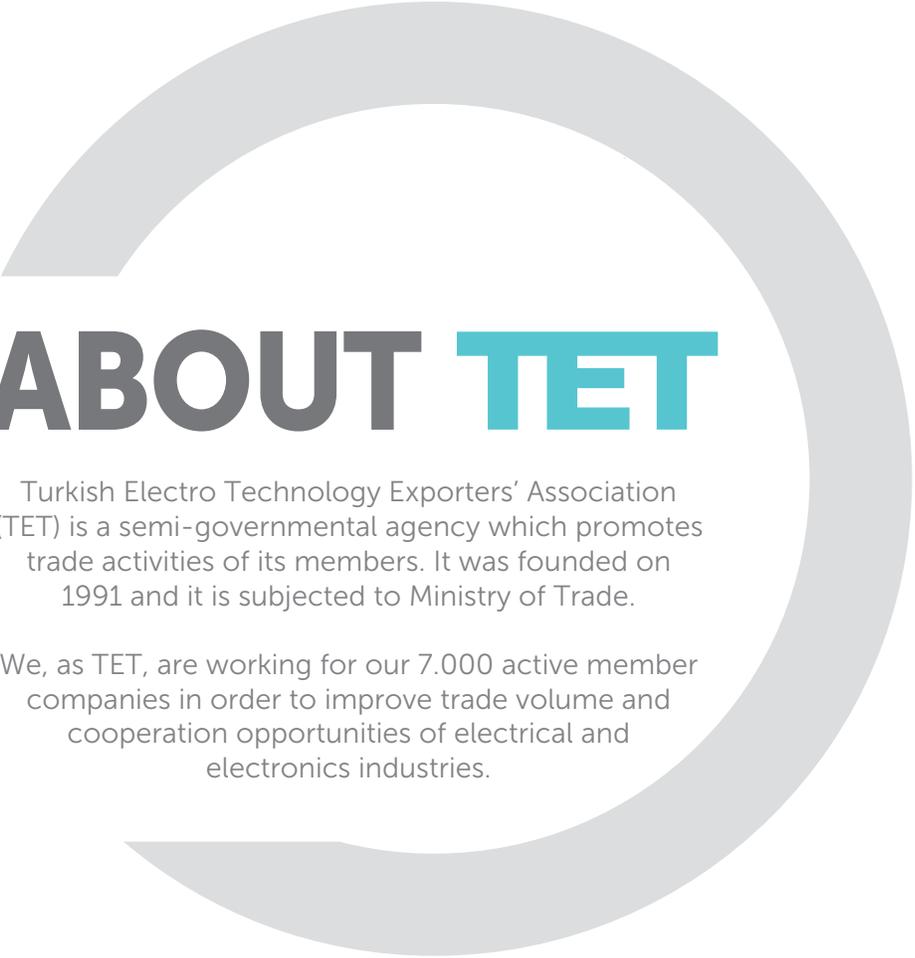

Geographical Advantages

- Short time of delivery
- Neighboring the largest markets in the world
- Largely suitable for both land and marine transportation
- Well developed logistics network

Market Advantages

- An appealing conjuncture for both foreign and domestic capital investments
- EU Customs Union Membership
- Increased competitiveness in international markets
- New employment opportunities
- Start-up friendly legal arrangements
- Increased domestic market demand

ABOUT **TET**

Turkish Electro Technology Exporters' Association (TET) is a semi-governmental agency which promotes trade activities of its members. It was founded on 1991 and it is subjected to Ministry of Trade.

We, as TET, are working for our 7.000 active member companies in order to improve trade volume and cooperation opportunities of electrical and electronics industries.

ACTIVITIES OF TET

CO-OPERATION

Developing co-operations with international institutions

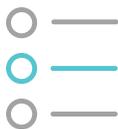

FAIRS

Organizing and participating in trade fairs

DELEGATIONS

Arranging "Trade Delegations" & Organizing "Buying Missions"

MONITORING & REPORTING

Monitoring and providing sectoral data, reports and market research analysis

LIGHTMASTER

ABOUT US

As a group company with 40 years of experience in electronics distribution and manufacturing business, Lightmaster, has been developing, manufacturing and selling LED based luminaires and solutions to more than 30 countries across the world.

R&D and manufacturing facilities are based in Istanbul, Turkey. The technical capabilities of the company include but are not limited to optical, electrical, mechanical, thermal and lighting design and development.

The company has ISO 9001, ISO 14001, OHSAS 18001 certifications and products have ENEC, CB, LM-79 and similar key certifications.

Lightmaster product portfolio has a wide range including street, park, industrial, sports, decorative, shop, hospital, parking lot, supermarket, office and education lighting applications.

Major customers of the company include BP, Shell, Renault, Unilever, Aramco, Sabic, Qatar Foundation, Fiat, EON, NATO, FIFA, Beko, Qatar Armed Forces. We also proudly design and toll manufacture for some of the global lighting companies.

PRODUCTS AND SERVICES

Lightmaster Produce High Efficient, Robust and Quality Led Fixtures.

Our Segments;

- Indoor, Outdoor Lighting
- Big Area Lighting
- Stadium Lighting
- Industrial Lighting
- Street Lighting
- Exproof Lighting
- Shop Lighting

Also We Do Lighting Desing and Custom Production Fixture Designs.

ALIMAR JENERATÖR

ABOUT US

Alimar, from its establishment to nowadays, has been full of determination to fulfill its targets thanks to its meticulous working style and high confidence it has established in the eye of its partners and customers.

We produce industrial type diesel gensets from 1 kVA to 3500 kVA in our new & modern, 45.000 m² production facility in Turkey. We also produce diesel and gasoline type portable gensets and light towers. We export our products to Europe, CIS, Middle East, Africa and Asia Pacific regions through our global dealer network. We use high quality engines and alternators in our products. Alimar gensets have PERKINS, SCANIA, CUMMINS, MITSUBISHI, MAN, ALIMAR, ALLIS, DEUTZ, SDEC and FPT Engines and STAMFORD or LEROY SOMER and MARELLI Alternators in its product range.

For further information you can visit our website on www.alimar.com.tr and you can also watch our introduction video from link below:

https://www.youtube.com/watch?v=71VIRF_bqkU

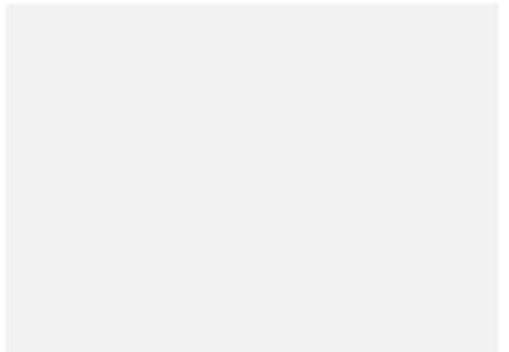

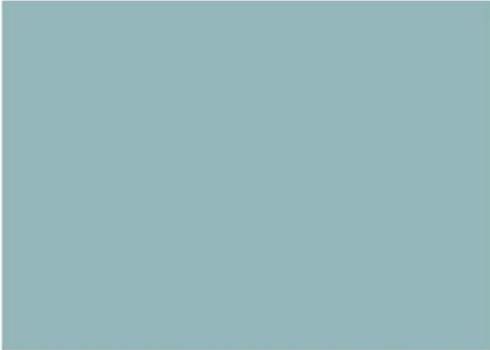

PRODUCTS AND SERVICES

Generator, Genset, Alternator, Engine, Ats, Cb, Acb, Canopy, Portable Genset, Welding Generator, Lighting Towers, Mitsubishi Generating Sets, After Sales, Spare Parts, Alimar, Deutz, Cummins, Perkins, Scania, Leroy Somer, Marelli, Stamford, Control Panel, Comap, Datakom, Filters, Fuel Level Sensor, Energy, Power, Machinery, Industry, Production, Manufacturing, Innovation, Engineering.

EPC ENERGY AND POWER CONVERSION SYSTEMS

ABOUT US

EPC Energy was established in 2006 by Ertugrul Sozmen, co-founder of Turkey's first Power Electronics Company established in 1977, together with experienced executives and engineers from this company.

EPC Energy has been growing rapidly ever since by combining this '42 years of know-how' with new Technologies. This proficiency in development and manufacturing ensures EPC Energy to rank among the top players in the industry.

EPC Energy is the first choice of many businesses from different industries due to its customized, client specific power solutions. We produce the fastest and the most efficient solutions while using the most appropriate products needed by our customers and business partners.

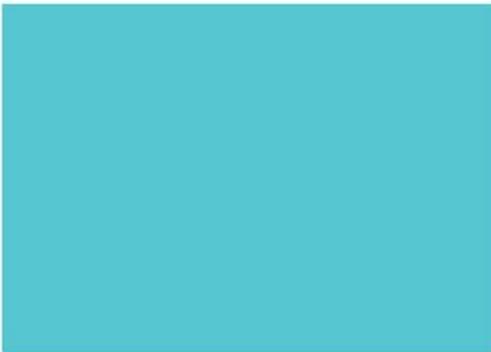

EPC Energy has strong local and international business partnerships. One of our major business partners is ABB. We are the exclusive distributor in Turkey of power protection units; such as, UPSs.

Our priority is to sustain upmost customer satisfaction. EPC Energy will continue to grow by leveraging the accumulated knowledge and experience it has, while continuously adapting to new technologies, to produce efficient and reliable energy systems. And the synergy we create with all our customers will be the locomotive for our enthusiasm to achieve our goals.

PRODUCTS AND SERVICES

- Industrial Type Ups
- Rectifier
- Static Transfer Switch
- Frequency Converter
- Bidirectional Converter
- Inverter
- Static / Servo Stabilizer

FEDERAL ELEKTRIK

ABOUT US

Federal Elektrik was established in 1990 in Adapazarı. Growing in a short time, it became one of the leading manufacturers of Low Voltage Switchgear in the world. It was established on an area of 25.000m² with %100 domestic Capital. There are 4000 type Products and 35.000 different parts production in the facilities. Federal Elektrik is one of the biggest LV Switchgear Manufacturers with a wide range of LV switchgear products such as Fuses, Circuit Breakers, Transformers, Contactors, Fuse Switch Disconnectors, Load Break Switches, Relays and Gas Meters etc. more than 30 years of experience in the industry.

The Products manufactured in the facilities are manufactured in accordance with International American NSF quality assurance system as well as national ISO 9001:2015 quality assurance system. Increasing its quality to international standards in 1994, Federal Elektrik became the 70th institution receiving ISO 9000 quality certificate in Turkey. It has nearly 100 brands in Turkey and abroad, nearly 10 patents and nearly 200 design registration.

Federal Elektrik manufacturing all of the low voltage switchgear products in the low voltage Products range is manufacturing the products above the quality of IEC and EN standards determined by Europe and the World.

Through from institutionalization to technology, following and implementing the developments in every field, Federal Elektrik made a large investments in a very short time.

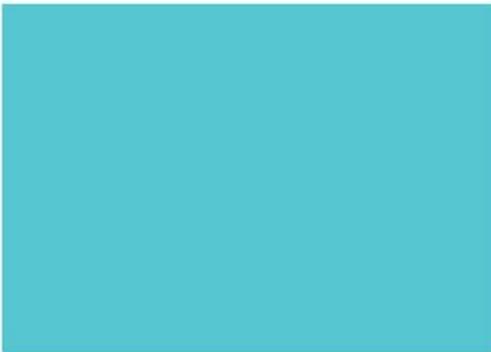

PRODUCTS AND SERVICES

- Molded case circuit breakers
- Air type circuit breakers
- Miniature circuit breakers
- Installation contactors
- Residual current devices
- Miniature circuit breaker boxes
- Surge protective device
- Current transformers
- Contactors
- Thermal overload relays
- Smart relays
- Power capacitors
- Cylindrical fuses
- Nh fuses and bases
- Fuse switch disconnectors
- Load break switches with and without fuse
- CAM switches
- Measurement devices
- Relays
- Motor protection switches
- Easypan distribution boards
- Modular main distribution panel boards
- Harmonic filters / shunt reactors
- Electronic ballasts
- Natural gas meters
- Subscriber information management system
- Automatic control unit of heating systems for passenger coach
- BMC
- Plugs & sockets & combination boxes
- Cable lugs and tools
- Insulators

FOREND

ABOUT US

FOREND is the manufacturer and exporter of premium quality lightning protection and earthing material from Turkey. Forend targeted the best qualities for its products that makes it more suitable to markets requirements, by keeping up with the technological developments related to Lightning protection industry and continuously developing and broaden its product range. Our products have been approved for quality by foremost laboratories and we possess all the necessary certificates for internationally recognised standards such as NFC 17-102, EN 62305, EN 62561, ICAO Annex 14, ISO 9001, ISO 14001, ISO 18001, ISO27001, ISO 10002.

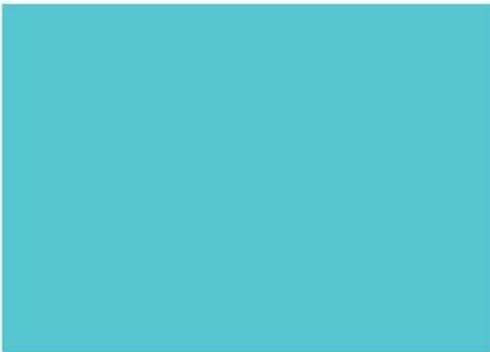

PRODUCTS AND SERVICES

- Early Streamer Emission Lightning Conductors,
- Simple Rods,
- Surge Arresters,
- Lightning Strike Counter,
- Exothermic Welding Systems,
- Down Conductors, Earth Rods,
- Fixing Clamps, Cable Lugs,
- LED Beacon Lights

GENPOWER GENERATOR

ABOUT US

Genpower Generators in 2000 and started production, knowing that he has to keep updating and developing this important product in order to create a world brand. Since its first establishment, Genpower focuses on long term investments and aims a sustainable growth. It leads and shaped the market with the high importance given to R&D studies and technologic investments.

It also partnered up with world's greatest companies and organizations; its unique green generators were the first choice of Formula 1 Night Race 2011, Turkcell, Vodafone, Avea; Turkish, Italian and American Army; stadiums, government buildings and hotels all around the world.

Genpower continues its production in the facility located in Temelli, Ankara, with the latest technologies and equipments. It offers maximum efficiency and low costs to its customers with diesel and gasoline gensets between 1 to 3.300 KVA, welding machines, light towers, agricultural products (i.e. tillers, water pumps, milking machines and lawnmowers), simple and PLC synchronized systems. Genpower's technical team, consisting of world's leading companies' team under one roof, receives advanced training.

Genpower, exporting more than half of its production, always follows the investment opportunities worldwide to provide better service, network, and better quality product alternatives to different locations faster. It offers innovative generator systems with natural gas, LPG, bio diesel, bio gas and heavy fuel globally.

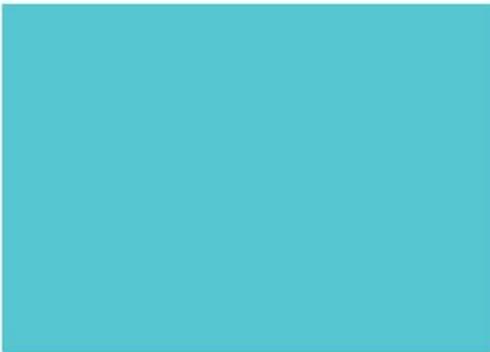

PRODUCTS AND SERVICES

We can response all sorts of demands of our customers with resource generators, lighting towers (projectors), agricultural products (lawn mower, hoe machine, water pumps, milking machines), simple and PLC type synchronized systems we produce as well as diesel, gasoline generators included in its standard product scale from 1 kVA to 3300 kVA. We have selected engine and alternator producers accepted by the world as its partners in order to reach the most qualified products.

ABOUT US

İLK-EL ELEKTRİK Ltd. Co. was founded in 1974 and is a partner of Schneider Electric. The company operates in its own 3,500 m2 plant, situated at Istanbul Seyrantepe, and now building 10,000 m2 second plant in Istanbul Organized Industrial Zone İTOSB. İLK-EL ELEKTRİK is a customer oriented company providing fast and efficient solutions. İLK-EL ELEKTRİK is proud of providing its customers with a high-end quality products using a cutting edge technology, at a reasonable price with its vast experience in electrical industry. The company operates with a strict health and safety regime and has an excellent safety record to date. All our employees are trained to the highest standards and safe work practices and we comply with all current HSA legislation.

Schneider Solution Partner Our company has been a Prisma Plus Partner since 2005.

Switchboards Our company has an experience of more than 45 years in manufacturing switchboards. We are continually growing our product variety and quality in accordance with the latest technologies and knowhow.

Our productions are produced in our CAD / CAM controlled CNC machine. Art-E product group offers you optimum and practical system solutions. Our product range provides integration and economy with high quality materials and design.

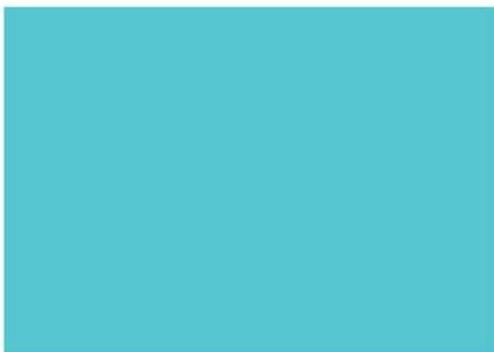

Token Machines We produce various versions We have over 500 token machines in Municipality of Istanbul.

Reverse Vending Machine Our R&D division has also produced a reverse vending machine prototype which will be used at schools etc.

PRODUCTS AND SERVICES

- Certificated Designer & Manufacturer of Low Voltage Switch gears
- Approved supplier of Outdoor cabinets for Telecom infrastructure
- Customized Kiosks, Vending machine
- Turn-key solution provider for MCC, PLC and SCADA systems Brands; PrismaPlus, BlockSET, Socomec, Weidmuller, Klemmsan Certificates; IEC 61439, IEC 60522, ISO 9001, ISO 14001, OHSAS 18001

ÖREN CABLES

ABOUT US

Ören Kablo entered into cable manufacturing sector with manufacture of coaxial cables in 1979. Ören Kablo manufactures a wide range of products such as cable TV, digital satellite, data cables, interactive TV cables, CAT5,CAT6 LAN cables, signal command cables and fire warning cables; and at the same time, offers to the use of its customers the "halogen free" cable, for all the product range. Having a production capacity of 58 million meters coaxial cable annually, Ören Kablo currently meets 70%of Turkey's digital broadcasting cable need by itself. Apart from its achievements in the Turkish market, Ören Kablo also exports to Europe, Middle East and North Africa.

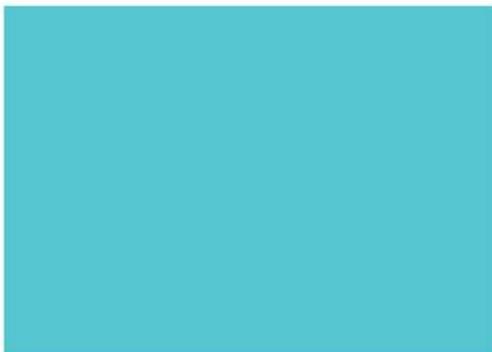

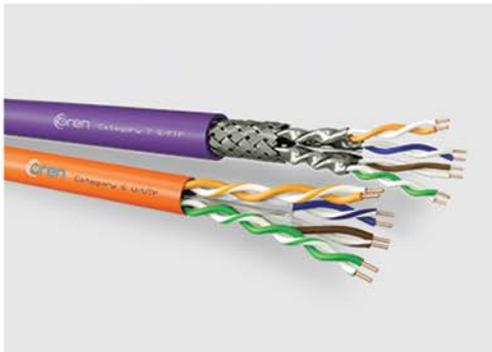

PRODUCTS AND SERVICES

Coaxial Cables for CableTV, internet applications and satellite master antenna TV applications (Priority Product) (854420), RF and Microwave type Coaxial Cables for Wireless Communications systems (854420), CCTV and Security Cables (854420009019), Indoor Telephone Cables (854449),Data Cables (85444995), Fire Alarm Cables (85444991), Signal and Control Cables (85444995)

PAMİR LIGHTING

ABOUT US

Pamir Lighting is dealing with manufacturing of lighting fixtures and accessories for both whole and project based sales and exports to European and Middle East countries. Since 1990, it shifted its production solely towards the lighting sector, and became a specialist in this field. It ranks today among the most performing Turkish companies in the sector, which offer a large array of products. We do use the highest possible quality components on our products and provide the shortest delivery terms with competitive prices to our customers.

We are able to conceive and offer products which combine both aesthetic and competitiveness, due to the fact that all the different stages-from conception to production are done in our factory. All products are thought in our R&D department, by means of the latest softwares CAD/CAM and others, the moulds prepared in our own mould workshop, then once tested and approved, manufactured. We can provide products in flexible dimensions according to requirements of your project. Every order -be it small or large- gets our personal attention and care down to the smallest details. Whatever your lighting need may be, let us care for it. We have been in the business for nearly 40 years, and the repeated orders from our faithful clients both in Turkey and abroad are the best testimony for our quality and seriousness. We will be very honored to get to know you and serve.

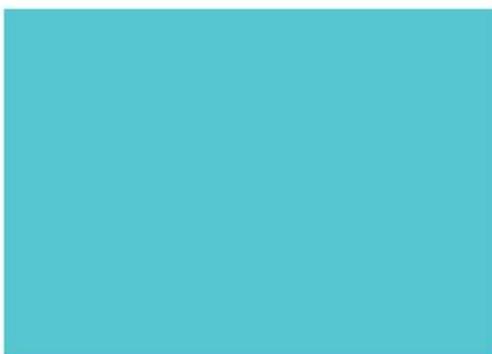

PRODUCTS AND SERVICES

- LED and T5 Fluorescent lighting fixtures for offices and shopping places,
- IP67 LED Floodlights & High bay lights,
- IP65 LED and T5 Fluorescent High bay lighting fixtures,
- IP65 LED and T5, T8 Fluorescent Waterproof lighting fixtures,
- IP65 LED and T5, T8 Fluorescent Ex-Proof lighting fixtures,
- Wallwashers
- Downlights, track lights,
- Glop lamps,
- Motion sensor,
- Motion sensor lamps,
- We have ISO:9001, TSE (Turkish Standards Institute) and CE certificates. We do use the highest possible quality components (Osram, Tridonic, Philips, Lumileds etc.) in our products and provide the shortest delivery terms with competitive prices to our customers.

SAHRA KABLO

ABOUT US

Sahra Kablo was established in Istanbul, in 1968. For over 50 years, we have been supplying high quality Aluminium energy cables and conductors to electric utilities, engineering, procurement and construction companies to over 35 countries. Despite rapidly changing market conditions, we prefer to be boutique manufacturer and we are capable of producing custom designed cables. We respond to the variable demands of customers in market and are on the way to be a global company by increasing our production capacity.

We offer to the market all types of Aluminium Power Cables with Solid, Stranded or Flexible Conductors i.e.:

- Aluminium Insulated Aerial Bundled Cables (ABC),
- Aluminium Covered Conductors,
- Aluminium Underground Cables with Solid/ Sector Shaped Conductors,
- Aluminium Bare Conductors (AAC, AAAC and ACSR),
- Aluminium Flexible Cables,
- Aluminium Building Cables

PRODUCTS AND SERVICES

- Aluminium Overhead Conductors
- Aluminium Aerial Bundled Cables
- Aluminium Underground Cables
- Aluminium Mining Cables
- Aluminium Railway Cables
- Aluminium Welding Cables
- Aluminium Shore Cables
- Aluminium Shipyard Cables
- Aluminium Wind Turbine Cables
- Aluminium Solar Cables

- SpeedUpMaestro

ABOUT US

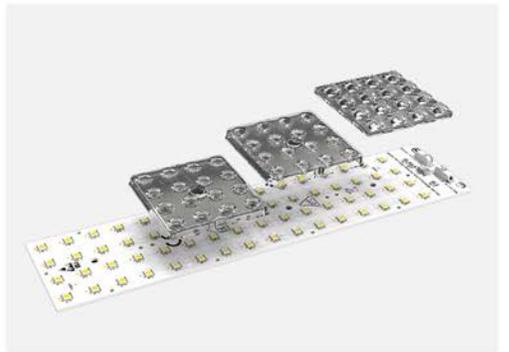

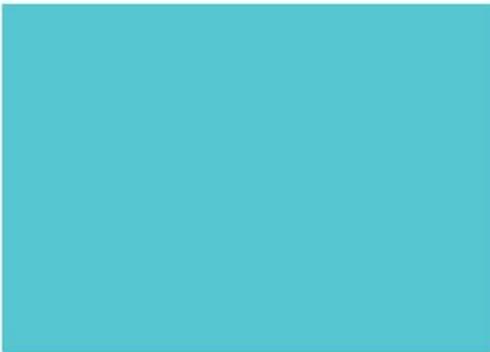

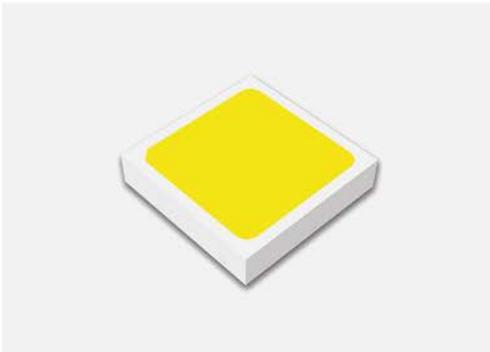

TD Elektronik company has been supplying LED Lighting Systems components since 2008. As of today, TD Electronics continues to serve its product range in the fields of LED Lighting, PCB Design and Supply, LED Based Advertising Solutions, Lighting Measuring Devices with the awareness of preserving its status as a leading company. Collaborating with leader brands of the industry such as, Nichia, Philips, Lumileds, Ledvance etc...

Operating with 100% Turkish capital, the company has specialized in the production of LED Modules and LED Optics with TD Lighting Solution company in 2012 as well as component supply. It designs LED lighting modules with its own R&D and Design Engineers, and also carries out Thermal and Photometric tests with the latest system laboratory equipment. With the investment of three fully automatic typesetting lines, it produces without human touch. It provides fast and high quality solution to its customers by continuing its typesetting production in a fully ESD protected area. It provides design, molding process and mass production services to its customers for the production of LED Optics.

PRODUCTS AND SERVICES

Supply of LEDs : Nichia - Lumileds
- Seoul
LED Module Design and Manufacturing
LED Optic Design and Production
Supply of LED Driver: Philips – Ledvance - Texrun
Supply of LED Diffuser and Cutting: Yongtek – Sewon – A.L.P.
Supply of LED Strip and Neon Flex: Pairo
Supply of Measurement Systems: UPRtek – Viso Systems

TECHNOCAST

ABOUT US

Technocast provides services as an OEM/ODM supplier to its local and international business partners in Small Domestic Appliances. Company puts into practice the projects of its customers with its competent product development, R&D and manufacturing teams. Technocast continues its operations in Çerkezköy Organized Industrial Zone at 2 different locations with a total indoor area of 15.000 m².

Established in 2002, Technocast made an investment in plastic injection business in 2010 and moved its facilities to Çerkezköy/Tekirdağ where it currently still operates. The company started providing OEM/ODM services in White Goods and SDA sectors. After 2017, with the launch of Technocast R&D Center, the company focused on R&D and production in SDA.

Products manufactured at Technocast are mainly for facilities in vacuum cleaner, hot beverage preparation and kitchen appliances sectors.

TİMSAN TRANSFORMATÖR SAN. VE TİC. LTD. ŞTİ.

ABOUT US

Timsan Transformer was founded in 2001 by a team with long years of professional experience in the transformer sector. With the renewal process initiated in 2017, it has a modern production and management model.

Timsan produces outdoor / indoor power transformers from 25 kVA to 30000 kVA in power and from 6 kV to 36 kV in voltage, oil immersed type, hermetic or open-atmosphere (oil expansion reservoir) and from 100 kVA to 10000 kVA Dry Type Cast Resin transformers. The products are economical, highly efficient, and secure in accordance with the standards and lists of conditions in force.

The quality of Timsan Transformers has been approved and certified by ISO 9001 Quality System and ISO 14000 Environmental Management System certificates, accredited KEMA Nederland B.V. and ICMET CRAIOVA / ROMANIAN test laboratories. More importantly, Timsan's own testing laboratory is ISO 17025 certified. This means that the Timsan test laboratory is internationally recognized worldwide.

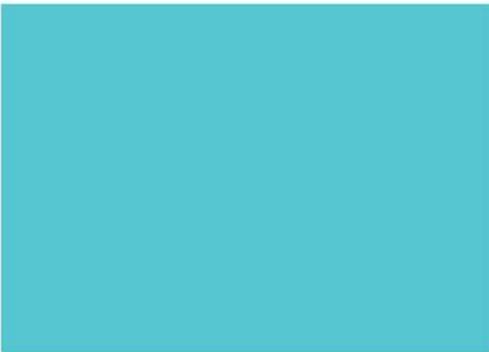

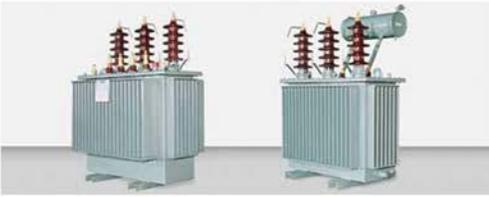

PRODUCTS AND SERVICES

- Power and Distribution Transformers
- Oil Filled Transformers
- Dry Type Cast Resin Transformers

ABOUT US

Unka Kablo is one of the leading manufacturers of flexible control cables and instrumentation cables in Istanbul/Turkey since 2005. We are exporting 98% of our products all over the world mainly to the UK, European, Balkan and Far Eastern markets.

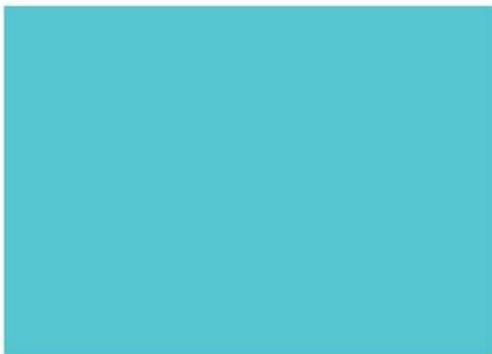

Our factory plant and machinery have been designed in details to improve quality and services with high tech machines and unique ERP process.

Our main product range is low voltage power, control and instrumentation cables together with their LSF&LSOH versions, screened, braided and armoured cables in accordance to their own international standards and certificates (EN 50525, YSLY-JZ, YSLCY-JZ, YSLYCY-JZ, YSLYAY-JZ, LIYCY, SY, HMM, HMM-C, BS 5308, EN 50288-7, Arctic Cables and special cable applications)

PRODUCTS AND SERVICES

- Flexible Control Cables
- Data Transmission Cables
- Power and Installation Cables
- BS-5308 Instrumentation Cables
- EN50288-7 Instrumentation Cables
- Flat Cables
- Fire Resistant Cables

NOTES

The page is designed for note-taking. It features a prominent teal header bar at the top. Below this, the entire page area is filled with a pattern of alternating light gray and white horizontal stripes, creating a guide for writing lines.
